

Instructions for CWD website:

- Go to cwdsk.ca and hit begin.

GOVERNMENT OF SASKATCHEWAN

Welcome to the NEW CWD 2017 online tracking system

This website is designed to allow hunters to generate a CWD tracking tag on-line and submit the **labelled samples** at either Ministry offices, specified drop off locations or directly at the Prairie Diagnostic Services (52 Campus Dr, Saskatoon). Therefore eliminating the need to fill out paperwork at the Ministry offices. All samples **MUST** be labelled with the CWD tracking number that will be generated after filling out the form. All information provided on this website will be added to our database and allow hunters to check their test results on-line at

www.cwhc-rcsf.ca/cwd_hunter_access.php.

Hunters **MUST REMOVE** antlers and **double-bag** the specimen. Please follow the instructions [HERE](#).

CWD drop off locations below

High priority Wildlife Management Zones for CWD surveillance:

There is no cost for the testing and samples are being accepted from any Wildlife Management Zone (WMZ) in the province. In addition there are now several high priority zones for CWD. The Ministry is asking hunters who harvest an animal in the following WMZs to submit their heads for CWD testing : WMZ 12,13,14E and 14W in the south-west; WMZ 16,31 and 33 in the south-east and WMZ 50,63 and 64 in the north-central.

If you have trouble using the system, or need further information, please contact the CWHC Western/Northern region at wn@cwhc-rcsf.ca

BEGIN

- It will prompt you to add all your information regarding the submission. Fields with an asterisk are mandatory.

CWD SASKATCHEWAN - SUBMISSION

* Required fields are marked with an asterisk

YOUR INFORMATION

* First name(s)

* Surname(s)

Street address

Town/City

Province

* Phone number

* Email address

ANIMAL INFORMATION

Date animal was shot

HAL Number

Species

Sex Female Male Unknown

Healthy? Yes No Unknown

- Enter the location where the animal was harvested. You can use the map provided to get as accurate as possible

LOCATION

* WM Zone

Legal Land Description
Quarter, Section, Township, Range, E/W, Meridian

Location description

Coordinates (decimal degrees) Latitude Longitude

Coordinates (deg, min, sec) Lat: Deg Min Sec

Long: Deg Min Sec

Search for place **FIND**

Drag the marker to indicate the location where the animal was shot

- If you noted any abnormalities please describe them in the space provided.

HISTORY

Please tell us about any interesting or unusual environmental conditions or observations regarding the animal that you may have noted

- Once all fields are filled in you must click the “I’m not a robot” box and go through the procedure. This is to reduce the amount of spam and bots.

GENERATE CWD TRACKING NUMBER

- Hit the “Generate CWD Tracking Number”. You will be given a random 6 digit number which **MUST** be attached to the submission. We recommend double-bagging the head, place the tag in a ziplock bag and attach it to the inside bag. On the outer bag write the tracking number with permanent marker on duct tape. Please remove the antlers!

CWD Tracking Number
498369

Name: M deer

Email: blah.blah@blah.ca

WM Zone: 24

Date of submission: 2017-08-18

IP address: 10.64.26.22

Please include your CWD Tracking Number with your submission
You may print this page and include it in a ziplock bag.
